TOWN OF JONESVILLE ORDINANCE NO. 2022--1 AMERICAN RESCUE PLAN ACT

The below set forth Ordinance was introduced at the meeting of the Town of Jonesville Town Council on April 12, 2022 and public notice was ordered as provided by law. A public hearing is hereby called at 5:30 p.m. on May 10, 2022 at the Jonesville Town Hall for the purpose of any public comments concerning said Ordinance:

WHEREAS, under various programs of the United States Federal Government monies have been distributed to businesses and local government for the purpose of protecting the employees from hardships caused by the COVID19 pandemic. These programs include the American Rescue Plan, the Payroll Protection Plan (PPP), and the State and Local Fiscal Recovery Funds Program (ARPA).

SECTION 1 - INTRODUCTION

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF), a part of the American Rescue Plan, delivers funds to state, local, and Tribal governments across the country to support their response to and recovery from the COVID-19 public health emergency. The program ensures that governments have the resources needed to:

- Fight the pandemic and support families and businesses struggling with its public health and economic impacts,
- Maintain vital public services, even amid declines in revenue, and
- Build a strong, resilient, and equitable recovery by making investment that support long-term growth and opportunity.

SECTION 2 - EARLY PROGRAM IMPLEMENTATION

In May, 2021, Treasury published the Interim final rule (IFR) describing eligible and ineligible uses of funds (as well as other program provisions), sought feedback from the public on these program rules, and began to distribute funds. The IFR went immediately into effect in May, and since then, governments have used SLFRF funds to meet their immediate pandemic response needs and begin building a strong and equitable recovery, such as through providing vaccine incentives, development of affordable housing, and construction of infrastructure to deliver safe and reliable water.

As governments began to deploy this funding in their communities, Treasury carefully considered the feedback provided through its public comment process and other forums. Treasury received over 1,500 comments, participated in hundreds of meetings, and received correspondence from a wide range of governments and other stakeholders.

SECTION 3 - KEY CHANGES AND CLARIFICATION IN THE FINAL RULE

The final rule delivers broader limitation and greater simplicity in the program, responsive to feedback in the comment process. Among other clarifications and changes, the final rule provides the features below:

A. **Replacing Lost Public Sector Revenue** - The final rule offers a standard allowance for revenue losses, allowing recipients to select between a standard amount of revenue loss or complete a full revenue loss calculation. Recipients that select the standard allowance may use that amount - in many cases their full reward - for government services, with streamlined reporting requirements.

B. **Public Health and Economic Impacts** - In addition to programs and services, the final rule clarifies that recipients can use funds for capital expenditures that support an eligible COVID-19 public health or economic response. For example, recipients may build certain affordable housing, childcare facilities, schools, hospitals, and other projects consistent with final rule requirements.

In addition, the final rule provides an expanded set of households and communities that are presumed to be "impacted" and "disproportionately impacted" by the pandemic, thereby allowing recipients to provide responses to a broad set of households and entities without requiring additional analysis. Further, the final rule provides a broader set of uses available for these communities as part of COVID-19 public health and economic response, including making affordable housing, childcare, early learning, and services to address learning loss during the pandemic eligible in all impacted communities and making certain community development and neighborhood revitalization activities eligible for disproportionately impacted communities.

Further, the final rule allows for a specific set of uses, to restore and support government employment, including hiring above a recipient's pre-pandemic baseline, providing funds to employees that experienced pay cuts or furloughs, avoiding layoffs, and providing retention incentives.

C. **Premium Pay** - The final rule delivers options to provide premium pay, by broadening the share of eligible workers who can receive premium pay with a written justification while maintaining a focus on lower-income and frontline workers performing essential work.

D. **Water, Sewer & Broadband Infrastructure** - The final rule significantly broadens eligible broadband infrastructure investments to address challenges with broadband access, affordability, and reliability, and adds additional eligible water and sewer infrastructure investments, including a broader range of lead remediation and stormwater management projects.

SECTION 4 - FINAL RULE EFFECTIVE DATE

The final rule took effect on April 1, 2022. Until that time, the interim final rule remained in effect; funds used consistently with the IFR while its in effect are in compliance with the SLFRF program.

Treasury will not take action to enforce the interim final rule to the extent that a use of funds is consistent with the terms of the final rule, regardless of when the SLFRF funds were used. Recipients may consult the Statement Regarding Compliance with the Coronavirus State and Local fiscal recovery funds interim final rule and Final Rule, which can be found on Treasury's website, for more information on compliance with the interim final rule and the final rule.

SECTION 5-PRIOR PAYMENTS MADE

Prior to the effective date of the final rule set forth in the guidelines for disbursements and payments made under the above set forth programs, the Town of Jonesville made certain payments that may now not be inappropriate under the final rule, including certain payments to members of the Jonesville Town Council and Mayor, as well as other disbursements related to increased costs and expenses caused by the coronavirus pandemic.

SECTION 9 - RADIFICATION OF PRIOR .PAYMENTS

The revision of the ordinances of the Town of Jonesville is hereby adopted and all ordinances of the Town of Jonesville - particularly including Town of Jonesville Ordinances 1.7, 1.8 and 1.12 - are revised retroactive to any disbursement made under the above set out federal programs.

Said Ordinance having been introduced on the 12th day of April, 2022.
